

SolarEdge Product Change Notification

Description

The SolarEdge SE3300 inverter, Part Numbers SE3300-ER and SE3300-Ex, is being discontinued.

SolarEdge is introducing two new inverters in its place:

SE3000, Part Number SE3000-Ex

SE3500, Part Number SE3500-ER

This change affects all geographies but North America.

Date of Change

This change will be in effect beginning June 1st 2011.

SE3300-ER orders that have not been supplied by this date will be replaced with SE3500-ER inverters.

SE3300-Ex orders that have not been supplied by this date will be replaced with SE3000-Ex inverters.

New Product Specification

The specifications of the new products are identical to those of the SE3300, other than the parameters listed below:

	SE3000	SE3500
Rated AC Power Output	3000 W	3500 W
Maximum AC Power Output	3000 W	3500 W
Maximum Continuous Output Current	16 A	19 A
Maximum Input Current	11.5 A	13.5 A
European Weighted Efficiency	97.2%	97.3%
Supported Communication Interfaces	Ethernet, Zigbee (optional)	RS485, Ethernet, Zigbee (optional)

Note: The SE3000 does not support RS485 communication and is therefore intended for single-inverter installations.

Please contact support@solaredge.com with any questions.
